

Future World Citizens

The aim of this course is to meet the needs of international young learners in an ever-evolving world and to equip them with the necessary knowledge and skills for successful future study and working life.

DATES: June 29th to July 12th 2025 or July 13th to July 26th 2025

Focus on STEM disciplines with a spotlight on computer science including coding, software development and data analysis

The project lessons cover business fundamentals. Students will work together to develop a business idea and business plan

All sports and activities are taught by qualified coaches
