

# Plus Closed Group

Our PLUS option provides students with an authentic UK secondary school classroom experience alongside British peers in afternoon sessions, while morning sessions focus on meeting specific learning needs through a Closed Group programme.

Morning lessons are tailored specifically for you, but we understand it's helpful to get an idea of what a typical week might look like.

-  Choose from topics such as space exploration, sustainability, STEM, coding, art and design in closed group lessons. Project classes are based on these lessons.
-  Students join UK curriculum classes with Mountbatten School students taught by subject teachers
-  All sports and activities are taught by qualified coaches
-  Excursions and visits

WEEK 1	MON	TUE	WED	THU	FRI	SAT	SUN
